

CAUTION-ELECTRICALLY OPERATED PRODUCT:
NOT RECOMMENDED FOR CHILDREN UNDER 8 YEARS OF AGE. AS WITH
ALL ELECTRIC PRODUCTS, PRECAUTIONS SHOULD BE OBSERVED
DURING HANDLING AND USE TO PREVENT ELECTRIC SHOCK.
INPUT: 120V AC 60Hz 10W. OUTPUT: 14.4V DC 500mA.

OWNER'S MANUAL

Please read and understand all precautions prior to use.

Model / Modèle No.: GF21HHA (Remote), GF1010A (Vehicle)

Thank you for choosing a premium New Bright product.

USA & Canada 30-Day Limited Warranty

New Bright Industries warrants to the original purchaser that this product will be free of defects in materials and workmanship for thirty (30) days from the date of purchase. In the event of such defect within the warranty period, New Bright will repair or replace the product at our sole discretion. This warranty does not cover damage resulting from unauthorized modifications, accident, misuse, or abuse.

Should your item have a defect covered under this warranty, first call the toll free number listed below. Most problems can be resolved in this manner. If necessary, you will be issued a Return Authorization (RA) number and instructions on how to obtain a Product Return Form. The Product Return Form is to be used when returning a product to us (postage pre-paid and insured by the consumer).

When returning a defective product, please package the product, the Product Return Form and a copy of the dated sales receipt as proof of purchase. Be sure to mark the RA number on the Product Return Form. If the product is returned without a dated sales receipt, it will be excluded from coverage under this warranty. Please allow 4 to 6 weeks for delivery of repaired or replacement vehicles (depending on your location).

New Bright Industries' liability for defects in materials and workmanship under this warranty shall be limited to repair or replacement at our sole discretion. In no event shall we be responsible for incidental, consequential or contingent damages (except in those states that do not allow this exclusion or limitation).

Valid only in the USA & Canada.

Battery Pack

Charging the Battery

IMPORTANT!

The included 12.8V Lithium Ion battery pack is only **PARTIALLY CHARGED** prior to shipment and it is recommended the battery be fully charged before first use.

1. Insert the 12.8V Lithium Ion rechargeable battery pack securely into the charger and push up to lock. Be sure the arrows are properly matched (as shown above).
2. Plug the Charger into a standard indoor electrical outlet. This power unit is intended to be correctly orientated in a vertical or wall mount position.
3. Charging Status Light will be solid red while battery is charging. When charging is complete, light will blink green.
4. To remove the battery, press and hold the release button and slide battery down to unlock.
5. Charge will last approximately 12 minutes depending on terrain and driving style.

IMPORTANT: It is normal for the battery pack to become warm after charging and/or use. Be sure to allow the battery pack to cool before using or recharging. Recharging a warm battery pack will greatly reduce the battery life.

ATTENTION PARENTS:

- The Battery Charger & Battery Pack need to be periodically examined for potential hazards. Any potentially hazardous parts need to be repaired or replaced.

Vehicle

Battery Installation

Locate and align arrow on battery pack with arrow inside battery compartment. Place battery pack in battery compartment and slide battery forward in direction of arrow. Once in place, turn locking tab to keep battery pack secure.

If battery pack is not completely in place locking tab will not fully turn.

Vehicle

Features and Functions

ON/OFF
Switch

Body Shell Removal

Locate the body pins on top of vehicle body.
Pull pins as shown and set aside.

Lift and remove body shell.

Transmitter

Battery Installation

Firmly press TAB in the direction of the ARROW and pull back to open battery compartment cover.

Install 2 "AA" batteries as shown, making sure (+) and (-) markings on batteries line up with the (+) and (-) markings in the battery compartment.

Replace battery compartment cover. Cover should click when locked in place.

Note: When replacing Transmitter batteries:
Use alkaline batteries only.
Do not mix old and new batteries.
Do not mix alkaline, standard or rechargeable batteries.

How to Drive

Using the Transmitter

FORWARD AND REVERSE DRIVING

FORWARD DRIVING

Push BOTH joysticks forward for Forward Driving.

REVERSE DRIVING

Pull BOTH joysticks backward for Reverse Driving.

TURNING

RIGHT TURNING

Push LEFT joystick forward to turn right while driving forward. Pull LEFT joystick back to turn right in reverse.

LEFT TURNING

Push RIGHT joystick forward to turn left while driving forward. Pull RIGHT joystick back to turn left in reverse.

SPINS

360° SPINS - Clockwise
Push joysticks as shown for Clockwise Spinning.

360° SPINS - Counter-Clockwise
Push joysticks as shown for Counter-Clockwise Spinning.

Pairing

Pair Vehicle & Transmitter

3

How to pair your vehicle and transmitter

1. Properly install batteries into the transmitter. (Section 6).
2. Be certain vehicle ON/OFF Switch is in the OFF position. Properly install battery into vehicle (Section 4).
3. Keep transmitter near vehicle.

4. Switch vehicle ON/OFF Switch to ON position.
5. Vehicle and transmitter will automatically sync.

Your vehicle is now ready for play.

Note: After removing and replacing batteries in either the transmitter or vehicle, you will need to pair the vehicle and transmitter once again.

Proper Use

Precautions and Care

Switch vehicle OFF
when not in use.

Brush areas where
dirt gets trapped.

Wipe body with a
soft rag or cloth.

Do not use chemicals
or water to clean

Cautions

Do not recharge Battery Pack if it is hot or warm to the touch. Allow Battery Pack to cool before recharging. Recharging a hot or warm Battery Pack will shorten the life of the Pack.

Do not recharge a Battery Pack if it appears to be damaged or leaking.

Always unplug Charging Cradle when not in use.

Always remove Battery Pack from Battery Compartment when not in use.

Do not dispose batteries in fire. Leakage, explosion and personal injury may occur.

Dispose of Lithium-Ion Battery Pack properly.

Do not attempt to disassemble Battery Pack or Charger.

Do not use Battery Charger for any use other than instructed in this booklet.

Only an adult should charge Batteries.

Do not attempt jumps or tricks with this vehicle.

Support

Trouble shooting & Support

Problem - Vehicle does not move or moves slowly.

- Make certain there are fresh batteries in the transmitter and that they have been installed in the correct position.
- Are the (+) and (-) markings on the batteries in the same position as the (+) and (-) markings in the Transmitter Battery Compartment?
- Has the Battery Pack been installed in the vehicle?
- Has the rechargeable Battery Pack been fully charged?
- Are the (+) and (-) markings on the Battery Pack in the same position as the (+) and (-) markings in the Battery Compartment?
- Are the metal contact tabs touching, rusty or dirty in the transmitter?
- Make certain that the vehicle ON/OFF switch is in the "ON" position.

Problem - Vehicle moves by itself or exhibits reduced range from the transmitter.

- Make certain there is no outside radio interference in your area. The best way to test this is to take the vehicle as far away from radio towers, electrical lines or tall buildings as possible to ensure no further radio interference will occur.

FCC CAUTION:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

New Bright

Cautions

- Do not leave the toy unattended while charging it.
- Battery charging should be done by adults.
- Charge the toy on a non-flammable surface and keep it away from flammable items
- Turn the charger off when the toy's battery is charged, and always unplug it from the toy.
- Disconnect AC wall chargers from outlets while not in use.
- If the toy has been damaged, immediately stop use, unplug, and safety move the toy away from flammable materials.
- Follow the manufacturer's instructions for charging the toy. **DO NOT** charge longer than recommended.

RSS Statement

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
