

SOFTWARE LICENSES

Subject to the terms and conditions of this Agreement and your applicable Promotion Agreement(s), you are licensed to use the software provided in your receiver(s), as updated by Technicolor Connected Home USA LLC, its licensors and/or its suppliers without notice at any time and from time to time, solely in executable code form, solely in conjunction with lawful operation of the receiver(s) that you purchased or leased, and solely for the purposes permitted under this Agreement and your applicable Promotion Agreement(s). You may not copy, modify or transfer any software provided in your receiver(s), or any copy of such software, in whole or in part. You may not reverse-engineer, disassemble, decompile or translate such software, or otherwise attempt to derive its source code, except to the extent allowed under any applicable laws. You may not rent, lease, load, resell for profit or distribute any software provided in your receiver(s), or any part thereof. Such software is licensed, not sold, to you for use only under the terms and conditions of this license, and Technicolor Connected Home USA LLC, its licensors and its suppliers reserve all rights not expressly granted to you. Except as stated above, this license does not grant to you any intellectual property rights in the software provided in your receiver(s). Any attempt to transfer any of the rights, duties or obligations of this license is null and void. In the event that you breach any term or condition of this license, this license will automatically terminate.

The software of this product may contain certain open-source software modules that are subject to Open Source Software license terms. Such Open Source Software may change in the future versions of the software.

A list of the Open Source Software used or provided as embedded into the current software of the product and their corresponding licenses and version number are available on Technicolor's website at the following address: **technicolor.com/en/hi/minisites/open-software**—or at another address that Technicolor may provide from time to time.

If and where applicable, depending on the terms of the applicable Open Source Software licenses, the source code of the Open Source Software is available for free on Technicolor's website at the following address: **technicolor.com/en/hi/minisites/open-software**.

For avoidance of doubt, Open Source Software is licensed only by the original owner of the Open Source Software under the terms set forth in the designated Open Source License.

Technicolor Player UIW4010TCH IMPORTANT PRODUCT INFORMATION

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
9. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
10. Only use attachments/accessories specified by the manufacturer.
11. Unplug this apparatus during lightning storms or when unused for long periods of time.
12. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

FEDERAL COMMUNICATIONS COMMISSION and INDUSTRY CANADA NOTICES

This device complies with FCC Rules Part 15 and Industry Canada RSS-210. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

CAN ICES-3(B)/NMB-3(B).

CAUTION: The user is cautioned that changes and modifications made to the equipment without the approval of the party responsible for compliance could void the user's authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by following one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Normal operating conditions: The Technicolor Player requires the use of a 12 VDC (+/- 5%), 1500 mA power adapter. Only use a manufacturer-supplied and approved power adapter. The Technicolor Player is designed to work in an indoor environment (0°C to 40°C).

FCC and IC NOTICES (continued)

RF exposure information: The Technicolor Player device complies with FCC RF radiation exposure limits set forth for general population. This device must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

This device complies with Industry Canada RF radiation exposure limits set forth for general population (uncontrolled exposure). This device must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

The device for operation in the band 5150–5250 MHz is only for indoor use to reduce the potential for harmful interference to co-channel mobile satellite systems. High-power radars are allocated as primary users (i.e. priority users) of the bands 5250–5350 MHz and 5650–5850 MHz. These radars could cause interference and/or damage to LE-LAN devices.

Le présent appareil est conforme aux niveaux limites d'exigences d'exposition RF aux personnes définies par Industrie Canada. Cet appareil doit être installé afin d'offrir une distance de séparation d'au moins 20cm avec l'utilisateur, et ne doit pas être installé à proximité ou être utilisé en conjonction avec une autre antenne ou un autre émetteur.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) il ne doit pas produire de brouillage, et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

Les dispositifs fonctionnant dans la bande de 5 150 à 5 250 MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux. Les utilisateurs de radars de haute puissance sont désignés utilisateurs principaux (c.-à-d., qu'ils ont la priorité) des bandes de 5 250 à 5 350 MHz et de 5 650 à 5 850 MHz. Ces radars pourraient causer du brouillage et/ou des dommages aux dispositifs de RL-EL.
