

Modular Approval Request Letter

Advance Data Technology

11 May, 2006

Dear Application Examiner,

Psion Teklogix Inc., It's 802.11b/g Wireless LAN CF card, FCC ID: GM3RA80211G would like to have your authorization as a modular approval specific to the portable device such as For Psion's 7525C, 7525M-E and 7525S Series PDA or Psion's platforms with substantially similar physical dimensions, construction, and electrical and RF characteristics.

"The modular transmitter must have its own RF shielding.": The radio portion of this module has been shielded, please see exhibition External Photo.

1. "The modular transmitter must have buffered modulation/data inputs." The EUT has buffered data inputs, it is integrated in chip 88W8385.
2. "The modular transmitter must have its own power supply regulation." The chips IF converter and RF/IF converter which will influence the frequency radiation, are powered through internal power regulator which is a built-in device in the chip 88W8015.
3. "The modular transmitter must comply with the antenna requirements of section 15.203 and 15.204(C)." The EUT meets the FCC antenna requirements. The spurious emission, unique antenna connector and photo of antennas are shown in the test report.
4. "The modular transmitter must be tested in a stand-alone configuration" The EUT was tested in a stand-alone configuration via a PCMCIA to compact Flash extender. Please see section Photographs of Test Configuration in the test report, the EUT was plugged in this extender.
5. "The modular transmitter must be labeled with its own FCC ID number." Please see exhibition Label Sample for the FCC ID of this module. And also in the exhibition Users Manual, there are instructions give to the OEM on how to label the end product.

6. "The modular transmitter must comply with any specific rule or operating requirements applicable to the transmitter and the manufacturer must provide adequate instructions along with the module to explain any such requirements." The EUT is compliant with all applicable FCC rules. Detail instructions for maintaining compliance are given in the Users Manual.
7. "The modular transmitter must comply with any applicable RF exposure requirements." The EUT is compliant with all applicable RF exposure requirements. RF Exposure is addressed in the RF exposure exhibition.

Please contact me if you have any further questions. Thanks for your attention.

Best Regards,

A handwritten signature in black ink that reads "Gary Chang". The signature is written in a cursive, slightly slanted style.
