LED (orange)	Status	LED (blue)	Status
On	Low battery indicator (When voltage is under 2.0V)	On	Power on and stays on during use
Flashes 3X	When waking up from sleep mode (Press any key)		
	Power off (After one hour of low battery indication)		

Media Player Function Keys

- Windows® 7 and Windows 8.1 (Windows Media Player)**
- The three buttons need to be manually activated before use. (Reason: Default application is Windows Media Player).
- To activate:
- Run WMP on your computer
 - Activate the three buttons

- Windows® 10 (Groove)**
- Default functions
 - No activation is needed before use

Troubleshooting – Connect to Receiver

- No response (Wireless Keyboard cannot connect to receiver)**
- Check dongle/receiver and ensure it is inserted correctly
 - Receiver pairing:
 - Unplug the receiver from your computer.
 - Press Fn + F1.
 - Blue LED starts flashing.
 - Plug receiver into the host again firmly and securely. (Keep Wireless Keyboard close to the host)
 - Blue LED turns on.
 - Paired successfully.

FEDERAL COMMUNICATION COMMISSION INTERFERENCE STATEMENT
Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help

Modifications: Modifications not expressly approved by Kensington may void the user's authority to operate the device under FCC regulations and must not be made.

Shielded Cables: In order to meet FCC requirements, all connections to equipment using a Kensington input device should be made using only the shielded cables.

FCC DECLARATION OF CONFORMITY
This product complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. As defined in Section 2.909 of the FCC Rules, the responsible party for this device is Kensington Computer Products Group, 1500 Fashion Island Blvd, 3rd Floor, San Mateo, CA 94404, USA, 800-535-4242.
