Assembly

ON A SURFACE

1A. CENTER

1. Center the soundbar below the TV, close to ear level.
2. Go to First Time Setup for further instructions.

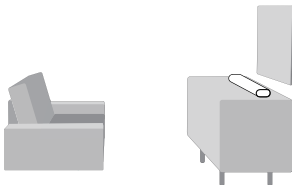

Figure 6

ON A WALL

1B. PLACE

1. Place wall mounting template on wall under TV.
2. Mark Bracket holes (Ensure enough space between Soundbar and TV) See 3B. HANG

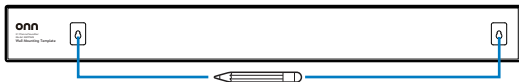

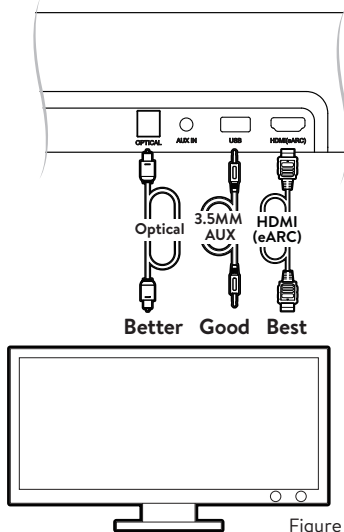

Figure 7

- Be sure screws will be attached to wood studs or use anchors for drywall, or anchors for concrete or brick walls.

First Time Setup

1. CHOOSE CABLE

Connect one cable to Soundbar and TV

- To Enjoy **Dolby** Atmos content, your TV must support the HDMI-CEC and Audio Return Channel (eARC) function.
- Enable CEC and ARC/eARC on TV
- Settings for CEC and ARC/eARC may differ by TV manufacturer. See TV's user guide for more.
- To control soundbar volume on TV remote, enable System Audio Control in CEC menu.
- CEC Function naming may differ by TV Manufacturer. See TV's user guide for more.
- Only HDMI 2.0 cables (and higher) support eARC.
- * If no Audio using Digital Inputs see troubleshooting.

Tips: If you have a Roku TV®, setup will be easy. Just use the included HDMI cable to connect your soundbar to the HDMI (ARC/eARC) port on your TV and follow the on-screen instructions.

2. CONNECT POWER

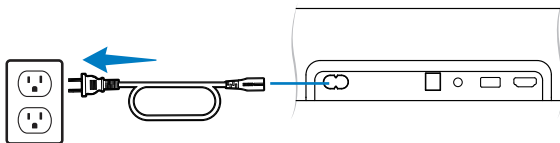

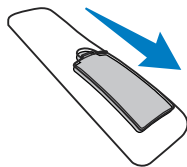

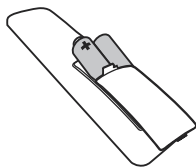

Figure11

3. INSTALL BATTERIES

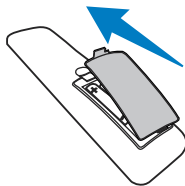

In remote control

Remove battery door

Insert batteries

Close battery door

Figure12

WARNING

Do not mix old
and new batteries.

WARNING

Do not mix alkaline, standard (carbon-zinc) or
rechargeable (ni-cad, ni-mh, etc.) batteries.

Operation

BLUETOOTH® OPERATION

1. POWER ON/OFF

Remote Control or Soundbar

-OR-

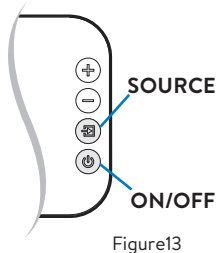

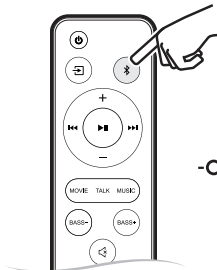

Figure13

2. SELECT SOURCE

To switch between audio sources
(Remote Control or Soundbar)
Or press $\times 1$ on the remote control to go to the Bluetooth source directly

Press and hold

-OR-

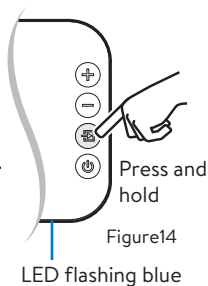

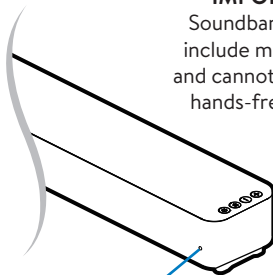

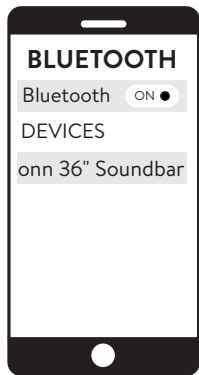

Figure14

3. PAIR DEVICE

Press and hold the $\times 1$ button on remote control or the $\square$ button on the soundbar

4. SEARCH ON DEVICE

Select "onn 36" Soundbar" on device

Device is connected when
Blue LED stops flashing
and becomes solid.

IMPORTANT

Soundbar does not
include microphone
and cannot operate as a
hands-free device.

Figure15

5. PLAY AUDIO

From device

6. VOLUME

Controlled by Device, Remote Control
or Soundbar

WARNING

High volume levels can
damage your hearing.
Reduce the volume levels
before pressing Play.

Bluetooth use

Your Soundbar supports music streaming from smartphones, tablets, and computers with Bluetooth capability.

Device compatibility will vary, see your device's documentation for more information. Once you have paired your source device to the Soundbar, as long as you stay within range of the Soundbar, your device should remain paired.

If the input is changed, the Bluetooth device will disconnect. If the source is changed back to Bluetooth, any paired Bluetooth device will reconnect automatically.

A Bluetooth signal has a range of up to 30 feet. Keep in mind that Bluetooth is a compressed audio format, so streamed music may lose some integrity when compared to a wired connection.

USB OPERATION

1. INSERT THE USB DEVICE

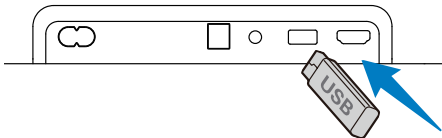

Figure 16

2. SELECT SOURCE

Select USB Mode(Remote Control or Soundbar  button)

3. PLAY AUDIO

Tips: Support USB music of MP3 format.

Button	Action
▶	Play, pause or resume play.
◀◀/▶▶	Skip to the previous or next track.
+/-	Increase/decrease the volume.

Table 6

Cleaning & Care

CLEANING

- Wipe down surfaces with a light cloth.
- Never use abrasive pads to clean device.
- Avoid using liquids to clean device.

CAUTION

Ensure the unit is fully unplugged from the power supply before cleaning.

Specifications

Assembled LxWxH

36 x 4.1 x 2.5 Inches

Troubleshooting

Problem	Cause	Solution
No power	Power off	Press " ⏻ " button on remote control or on Soundbar
	Loose power cord	Ensure the power cord is securely connected
	Faulty outlet	Plug a different device into the electrical outlet to verify that the outlet is working correctly
No audio	Low Volume / Mute	Press " 🔊 "
		Increase volume
	Some TVs do not Pass through Digital Audio*	Change TV output to PCM
	Input source	Select different Input source
	Not All TVs have Audio outputs listed	Connect directly to another device (Blu-Ray, Game System, etc.)
	TV set to variable audio output*	Set audio output to fixed or standard, NOT variable
	Bluetooth source device	Increase volume / unmute source device

*Consult your TV's user manual for more detailed information.

Table 7

Problem	Cause	Solution
Bluetooth break-up or disconnect	Source too far	Move the source device closer to soundbar
	Solid obstruction	Move source device into line-of-site of soundbar
	Other wireless devices	Turn off / move devices away (wireless security cameras, wireless video baby monitors, cordless phones, and microwave ovens)
No voice prompt	Disabled the voice prompt	Press & hold + and - buttons simultaneously on the unit or remote control for 5 seconds to enable the voice prompt
Voice prompt is too noisy	Enabled the voice prompt	Press & hold + and - buttons simultaneously on the unit or remote control for 5 seconds to disable the voice prompt

1. Read these instructions – The safety and operating instructions should be read before this product is operated.
2. Read these instructions – The safety and operating instructions should be retained for future reference.
3. Read all warnings – All warnings on the appliance and in the operating instructions should be adhered to.
4. Follow all instructions – All operating and use instructions should be followed.
5. Do not use this appliance near water – The appliance should not be used near water or moisture – For example, in a wet bathroom or near a swimming pool, and the like.
6. Clean only with dry cloth.
7. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
8. Do not install near any heat sources such as radiators, heat registers, stoves, or other appliances.
9. Do not use the appliance if it has been damaged (e.g. by fire, water, etc.) or if it has been dropped.
10. Do not defeat the safety purpose of the polarized or grounding plug. A polarized plug has two blades with one wider than the other. A grounding plug has two blades and a third grounding prong. The wide blade or the third prong is provided for your safety. If the provided plug does not fit into your outlet, do not attempt to use the appliance. Consult your local electrician for replacement of the obsolete outlet.
11. Protect the power cord from being walked on or pinched particularly at the plugs, convenience

CAUTION
RISK OF ELECTRIC SHOCK
DO NOT OPEN

California Prop 65 Warning :

 WARNING This product can expose you to chemicals including Lead, which is known to the State of California to cause cancer. For more information go to: www.P65Warnings.ca.gov

WARNING: Danger of explosion if the remote control batteries are incorrectly replaced. Replace only with the same or equivalent type.

LEGAL & COMPLIANCE

1. Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

2. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications; however, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/television technician for additional suggestions.

This device complies with part 15 of the FCC Rules.

RF Exposure Statement: This equipment has been tested and found to comply with the following RF exposure requirements: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

3. RF Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This device should be installed and operated with minimum distance 20cm between the radiator and your body.
