**FCC ID: HBW8522 for C2PC
Letter of Changes**

To whom it may concern,

We would like to submit for C2PC based on the following changes to the Garage Door Opener (GDO). The LMA wi-fi Marvell HBW8522 module, has a new host. To make this change, here are the revisions made,

- LMA Wi-Fi Module: HBW8522, now installed on logic board host HBW1D8088-1
- Host HBW1D8088-1 was updated to allow for addition of LMA.
 - o Capacitor C55 was rotated 90 degrees
 - o Addition of F1 PTC

It is important to note that the host PCB layout of the radio, antenna's, Microprocessor and User interface were locked in place and remained unchanged. The power supply transformer also remained in place.

I would appreciate your prompt attention to the submittal. If there are any questions, please call me at 630-993-6306 or send a fax to 630-516-6863.

Sincerely,

Barbara Kelkhoff
