

Limited Modular Approval (LMA) – Internal Integration User Manual for FCC ID: HBW8522 and IC: 2666A-8522

Please note that the Wi-Fi Marvell Module MW300, FCC ID: HBW8522 / ISED HVIN/PMN MW300, IC: 2666A-8522, is meant only to be utilized within The Chamberlain Group, Inc. (i.e., Grantee only) only. Hence, Chamberlain Group does not sell this module externally to other manufacturers.

As the Marvell Wi-Fi Module MW300 intended to-be soldered to other hosts, The Chamberlain Group, Inc. (CGI) will evaluate all new hosts via FCC/IC [Class 1 \(C1PC\) or Class 2 Permissive Change \(C2PC\)](#) to the Limited Modular Approval, [as appropriate](#). This includes the need for additional testing.

Should the Wi-Fi Marvell Module MW300 be modified in any way, per FCC Part 15.21, modifications may void authorization of the LMA as re-testing may be necessary and either class II permissive change or new grant of authorization and ISED certification shall be obtained.

When this module is used in a host device and class II permissive change is obtained the final product must contain the following information:

- CGI will mark the host product with a string like “contains FCC ID: HBW8522 and IC: 2666A-8522”.
- This device complies with part 15 of the FCC Rules and Industry Canada/ISED (IC) RSS-247. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
- In the host product user manual a warning statement similar to the following shall be used: changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
- Additional warning regarding minimum separation distance shall be used as well. This or similar statement shall be used: The end user must ensure that the minimum separation distance of 20 cm between the device and all users or bystanders is maintained at all times.

List of FCC KDBs associated with the above:

KDB# 784748 - Part 15, Part 18, Labelling Guidelines, Labelling, Information to User, Information in Manual, User Manual

KDB# 447498 - Mobile and Portable Device, RF Exposure, Equipment Authorization Procedures, 1.1307, 2.1091, 2.1093

In addition for ISED (IC) the HVIN for the limited module must be noted in the user manual for the final product or on the label for final product.
