Attestation Letter

Federal Communications Commission

Authorization and Evaluation Division

7435 Oakland Mills Road

Columbia MD 21046

FCC ID: HD5-CT70X1

To Whom it May Concern:

We, Honeywell International Inc, attest that this device under **FCC ID: HD5-CT70X1** supports channel puncturing mechanism. And the device complies with the information outlined below:

- a) The equipment only punctures to optimize network performance and never to avoid licensed incumbents.
- b) If a channel is punctured in order to optimize network performance, it will continue to use CBP in the punctured region.
- c) If a licensed incumbent is detected, the device will use a complete move of the channel for avoidance.
- d) The equipment didn't support bandwidth reduction.

If you have any questions regarding this application, please feel free to contact me.

Sincerely,
