

Limited Module Approval Request Letter

Subject: Limited Module Approval

Date: March 24, 2016

FCC ID: HDC424RG350X

Dear Reviewer,

We, Adtran would request **Wireless Mini PCI** approved under limited module approval authorization. The application of this module is specified to mobile host equipment. The requirements regulated in 15.212 have been fulfilled and clearly explained below.

1. The requirement of RF shielding: This RF module does not comply as the shielding design does not fully enfold the RF circuitry. The module was tested in specific host product (Brand: Adtran Model: 424RG3).
2. The requirement of buffered inputs: no buffers provided.
3. The requirement of power supply regulation: The part number of the power regulator is **(C441000232501L)**.
4. The requirements of section 15.203 and 15.204(C): The requirements of antenna connector and spurious emission have been fulfilled. Please reference the exhibition Test Report.
5. The requirement of stand-alone test configuration: The module was tested in specific host product (Brand: Adtran Model: 424RG3).
6. The requirement of labeling: The instruction on the labeling rule of the end product has been stated in the user's manual of this module. Please also see the exhibition Label Sample.
7. The requirement of compliance on specific rule or operating requirements: The required FCC rule has been fulfilled and all the instructions for maintaining compliance has been clearly stated in the Users Manual.
8. The requirement of RF exposure: Please refer exhibition RF Exposure for the compliance of MPE RF exposure rule.

Please do not hesitate to contact me for any questions of this request letter. Thank you.
