On behalf of DAP Technologies Ltd. is our response to your comments regarding the subject application as follows:

1. Attached is the DAP letter regarding your labeling comment.
2. The 2 different battery models in the users manual (DCCE800-Y & DCCE800-G) are to differentiate the color of the battery "Y" is yellow and "G" is gray. Otherwise the batteries are identical. Thus only one battery was required for testing.

If you have any questions or comments concerning the above, please contact the undersigned.

Sincerely,

Bernie Penner
