DECLARATION

To whom it may concern:

FCC ID: HEDWL463ACC

- ❖ We, the undersigned **Accton Technology Corporation**, hereby declare that this Upgrade Kit 802.11g (Model: WL-463) will not be sold by mail order or directly to the public through retail channels.
- ❖ The intention of this application is to provide a modular approval which (WL-463) can be installed as a functional component in a number of different host systems (i.e 3Com Access Points WL-4XX series)
- ❖ The module (WL-463) will be installed in the host equipment by qualified personnel who will be subject to normal quality control procedures relevant to that facility. These quality procedures will include checking that the module is correctly located in the MiniPCI socket and that the antenna cable connectors are firmly attached.
- ❖ The following information will be supplied on a leaflet or pamphlet to the end user by the installer: "This device generates and radiates radio-frequency energy. In order to comply with the FCC radiofrequency radiation exposure guidelines for an uncontrolled environment, this equipment has to be installed and operated while maintaining a minimum body to antenna distance of 1 meter."
- ❖ For any devices to be integrated into a device by an OEM manufacturer, Accton will provide proper guidelines for labeling to the OEM manufacturer."

Sincerely,

Alex Wen-----
