Subject: Requesting Class II permissive change for FCC ID: **HLZ344A**

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID:
HLZ344A
Original grant date: 08/10/2017
Applicant: Acer Incorporated

The major changes filed under this application are:

- To integrate this Wi-Fi card into a specific host system (host model name is indicated in the test reports).
- Power reduction in **Tablet, Tent and Stand mode** as given in the tune-up procedure in order to comply with SAR requirements. There are the sensors at the lid and the base of laptop, and the sensors can calculate the angle between the screen and the keyboard base, and then reduce the maximum power.
- Channels 12 and 13 are not used in this module / host combination, and are disabled via software.

Also, please note the following with respect to this application:

- SAR testing is performed to demonstrate compliance.
- Software security remains unchanged from the original application.
- Device was tested in accordance with the new U-NII rule adopted under Docket No. 13-49.

Best Regards
