

EMC Technologies Report Number: M060140_Cert_G3_External_Receiver

APPENDIX E

FCC Labelling

HNL-G5E Product Labeling

The FCC labels are made of durable plastic (Lexan) and attached to the body of the device with permanent adhesive, which is designed to last the expected lifetime of the device. Furthermore, the body of the device is encapsulated in a plastic enclosure, providing an added protection.

FCC ID label (at rear of the device)

Modification warning label (at the bottom of the device)
