RE :Class II change for MY-X138
FCC ID : HQKKMEMFB033

To Whom It May Concern:

We would like to have a class II change on MY-X138, this ID has been granted on MF-B033, MF-S233, MF-S333. We are going to change new antenna , IC transmitting and appearance with this granted model. The necessary test data were performed in the new test report J28-0504-189. Please review.

Due to the technical information such as users' manual, block diagram, and label being all the same as the original one, we will not upload again this time. But the new forms, new antenna reports, and test report will be uploaded for your evaluation.

Thank you for your attention to these matters.

Sincerely,

A handwritten signature in black ink that reads 'Shu-Min Hung' is written over a light blue rectangular background.

MS. Shu-Min Hung, Manager
