PRECAUTIONS

PRECAUTIONS ON USE AND HANDLING

To ensure the safe operation of the product, be sure to follow all instructions, cautions, and warnings found within this manual. Failure to do so could cause damage to the product, damage to your computer, or loss of data. Failure to do so could also void your warranty, in which case Wacom shall have no responsibility to repair or replace the product.

PHYSICAL LOCATION

WARNING

The product should be used in normal office environments. It may be used also as a center console in climate controlled environments. The product was tested by Wacom for usage in a normal office environment only, and there was no testing for compatibility in medical and military application areas.

The interactive pen display is neither waterproofed nor explosion resistant.

It serves and can be used solely as a passive display and input device.

In all applications that are not designated for its sole usage, no testing has been done on the functionality and possible malfunctions of the interactive pen display. The adoption of the interactive pen display in application areas other than normal office environments is at the user's risk.

ENVIRONMENT

CAUTION

Do not use or store the product where:

- Temperature changes are severe or exceed [specifications](#) (e.g. outdoors or inside a vehicle).
- The pen display or the pen are exposed to direct sunlight or heat from an appliance, or are exposed to water or any other kind of liquid.

Do not use the product in a dusty environment; this may damage it.

USAGE

WARNING

Only use a USB cable specified for use with the product. If a different type of USB cable is used, the product will not work properly or may be damaged. Using a different type of USB cable also has the potential to result in fire. Use of a different USB cable will void your warranty.

Do not damage, forcibly bend, or bundle the USB cable. Do not place heavy objects on the cord or expose it to excessive heat. Ignoring this warning may result in fire, electrical shock, or product failure.

Do not connect or disconnect the USB cable with wet hands. Ignoring this warning may result in electrical shock or product malfunction.

Do not insert a metal object or any foreign material into the USB port, video connector ports, or any other opening on the product. Doing so may cause product malfunction, fire, or electrical shock.

CAUTION

Provide adequate ventilation to the product. Poor ventilation may cause it to overheat or malfunction, and shorten the life of the product.

To protect the health of your eyes when using the product:

- Use the product only in a well-lit room, and do not sit too close to the display screen.
- Take regular breaks when using the product for extended periods of time.

Take care of the LCD display. Do not push down forcibly with the pen on the LCD display. Pushing down forcibly on the display may cause ripple-like striped patterns to temporarily appear on the display. The ripples disappear when you stop pushing down with the pen. The following conditions are characteristics of LCD displays and do not indicate damage or malfunction to the product.

- Depending on the displayed contents, uneven brightness may be produced.
- Depending on the displayed contents, a small portion of lit and unlit lines, or red or blue dots may be visible.
- When displaying objects with delicate patterns, flicker or striped patterns may be produced.
- After displaying the same still image for an extended period of time, a residual image may be produced. (Residual images will gradually disappear over time.)
- Changes to the condition of the back light over the period of using the display will gradually affect the condition of the display.
- Depending on the angle from which the display is viewed, the colors and hues may appear changed.

HANDLING

WARNING

High Voltage. Do not open or disassemble the product. There is a risk of electrical shock when the casing is open. Opening the case will void your warranty and Wacom shall have no responsibility to repair or replace the product.

Ensure that cabling or other objects do not get entangled in the moving parts of the stand.

Do not place the product on any wet surface or table. The rubber pads of the stand may slip, allowing the product to fall.

When moving the product, ensure all cables are fully disconnected from the computer and other areas. Appropriately bundle the cables to ensure they do not hang free and create a hazard. Tripping over loose cables can cause physical damage or personal injury.

Do not place the product on any unsteady surface or table. Do not place it on slanted areas, unstable areas, or areas where vibration is present.

Physical damage or personal injury may result if the product falls from an unsuitable surface.

Do not sit on, or hang from, the table or other surface where the product is placed. The product may fall and cause physical damage or personal injury. Take extra care where children are present.

If the LCD screen has been damaged, DO NOT touch any liquid that may be leaking from it; this liquid is an irritant. In case of contact with skin, eyes, or mouth, rinse immediately with running water for at least 15 minutes. If contact is made with the eyes or mouth, consult a physician.

Choking hazard. Prevent children from swallowing the pen tip. The pen tip may accidentally be pulled out if children are biting on them. Prevent children from playing with any packing materials or wrapping, as a choking or suffocation hazard may exist.

Refrain from using the product during thunder or electrical storms. Also disconnect the product from the USB port of a computer during such weather. Using the product during thunder or electrical storms may cause product malfunction, fire, or electrical shock.

CAUTION

Do not disassemble the pen. This may cause the device to malfunction. In this case, Wacom shall have no responsibility to repair or replace the pen.

Do not strike hard objects with the pen, such as repeatedly tapping the pen against a desk surface. Doing so may cause damage to the pen.

Do not apply excessive pressure or stress to the pen tip. This may cause failure or malfunction.

Take care not to drop or damage your pen. Use the pen tether provided to secure your pen.

Only use a replacement pen tip (nib) specified for the pen by Wacom.

Do not scratch the display screen. Avoid placing sharp objects on the display screen surface.

Avoid shock or vibration to the product and the pen. Hitting or dropping the product may damage the display screen or other components.

Do not put heavy objects on the product or push against it with a strong force; this may damage the display screen or break the display stand mechanism.

Do not place heavy articles on the cabling of the product, repeatedly bend the cables sharply, or apply heavy stress to the cable connectors; this may damage the product or cabling.

Do not store the product on a surface that would excessively bend or crimp the cable.

If your product has a coated surface, a worn pen nib that is sharp or angular may cause damage. Replace the pen tip if necessary.

Do not use any organic solvent (e.g. alcohol) or even mild detergent to clean the display screen. Use of these cleaners can damage the display screen. Damage of this kind is not covered by the manufacturer's warranty.

- Before cleaning, always disconnect the product from the USB port.
- To clean the display screen, use an anti-static cloth or a slightly damp cloth. When cleaning, apply only a light amount of pressure to the display screen and do not make the surface wet.
- To clean the pen display casing or the pen, use a soft cloth slightly dampened with water.

Touching the same part of your body to the product (LCD panels and other areas) for extended periods of time may cause low temperature burns. Avoid touching the product with the same part of your body for extended periods of time.

Do not place metallic objects on the product when using the product. Doing so may cause malfunction or damage to the product.

Placing other tablets or other devices near the product may affect the operation of the product and cause malfunctions. If this happens, place the interfering devices to the side or further away from the product.

To avoid permanently discoloring or altering the surface of your work area, periodically move the product to another part of the surface.

Handle the display carefully. When lifting or moving the display, hold the product's main body casing. Do not hold the display by the stand.

In the event that the Software does not comply with the foregoing warranty during such Warranty Period, then Wacom shall make commercially reasonable efforts to correct such non-compliance by repairing or replacing the Software at no additional charge to You. The Software is not fault tolerant and is not designed, permitted or intended for uses related to high risk activities. No oral or written information or advice provided by Wacom, its agents or any distributors or retailers of the Product will create any warranty or in any way increase the scope of the warranties expressly provided by Wacom under this Agreement. Wacom does not warrant that: (a) the Software will meet Your requirements, (b) the Software will be compatible with or operate on the computer or other device on which You install it, or (c) defects in the Software will be corrected, or that the operation of the Software will be uninterrupted or error-free. The parties acknowledge that the limitations of liability in this Section 5.2 and in the other provisions of this Agreement and the allocation of risk herein are an essential element of the bargain between the parties, without which Wacom would not have entered into this Agreement. Wacom's pricing of the Products reflects this allocation of risk and the limitation of liability specified herein. Wacom's liability under this Agreement or in any way related to the Software shall not exceed the amounts actually paid by you for the Product. You are required to keep the invoice or any other documents which prove the amount you actually paid for the Product. 5.3 Severability.

If any provision of this Agreement is held to be illegal, invalid or otherwise unenforceable, such provision will be severed and deleted from this Agreement, while the remainder of this Agreement will continue in full force and effect.

This Agreement constitutes the entire agreement between the parties and supersedes all prior or contemporaneous agreements or representations, written or oral, concerning the subject matter of this Agreement. This does not, and shall not be construed to, create any partnership, joint venture, employer-employee, agency or franchisor-franchisee relationship between You and Wacom. Any heading, caption or section title contained herein is inserted only as a matter of convenience, and in no way defines or explains any section or provision hereof. The waiver by either party of any default or breach of this Agreement may only be made in writing and will not constitute a waiver of any other or subsequent default or breach.

LIMITED WARRANTY (EUROPE, AFRICA AND MIDDLE EAST)

WACOM warrants to you, as the initial purchaser, (hereinafter referred to as "you" or "the customer") that the product hardware will remain free from defects in materials and workmanship under normal use and service for a warranty period of THREE (3) YEARS, commencing from the purchase date and provided that the product was unused at the time of purchase. Defects in wear parts (e.g. pen nibs, tablet surfaces and batteries) resulting from normal wear and tear are exempt from the warranty. Furthermore, WACOM warrants that the data carriers delivered with the product are free from defects in materials and workmanship under normal use for a period of SIX (6) MONTHS from the date of purchase.

If during the applicable warranty period the product, excluding any software, is discovered to be defective, it should be returned immediately to the place of purchase in its original packaging together with your name, address, and telephone number, a description of the problem, and a copy of the original receipt. The customer shall be liable for any possible damage or loss of the product during transit to the place of purchase for this purpose.

WACOM's sole obligation and entire liability under this warranty shall be, at WACOM's option, either the repair or the replacement of the product or parts thereof that prove defective and that were returned within the applicable warranty period.

WACOM does not warrant to repair or replace the product if: (a) the damage to the product results from accident, misuse, improper use, negligence or unauthorised alteration or repair; (b) the product was not handled or stored according to the instructions provided by WACOM; (c) the damage resulted from normal wear and tear of product parts; or d) the serial number affixed by WACOM has been removed or rendered unintelligible.

Any descriptions, drawings, specifications, samples, models, notifications or similar material provided in connection with the purchase of the product cannot be taken as an explicit guarantee that the product corresponds to or fulfils your requirements.

The warranty guaranteed by law remains unaffected. You can claim defects of the product in accordance with the relevant legal provisions.

WACOM shall only be liable for itself and its vicarious agents if a material contractual obligation has been culpably breached in a manner jeopardising the purpose of the contract or the damage is due to intentional acts or omissions or gross negligence. A material contractual obligation is an obligation which is essential to the proper performance of the contract on which the other party will typically rely. In case that the culpable infringement of such a material contractual obligation is not due to intention or gross negligence, the liability of a party shall be limited to such damages being typical for the contract and which were reasonably foreseeable at the time of the closure of the contract. Where these Terms and Conditions preclude or limit liability, this also applies to the personal liability of the executive officers of the party concerned, its employees, agents and subcontractors. The provisions of the product liability law (Produkthaftungsgesetz) remain unaffected.

If, when a claim made under this warranty is checked, it emerges that it is outside the permitted time period or is not covered by the warranty or that the product is not defective, the customer will reimburse WACOM for associated costs.

This limited warranty shall apply if the registered office of the vendor is situated in the EU or Iceland, Norway, Jersey, Switzerland, Russia, the Ukraine, Croatia, Serbia, Tunisia, Turkey, Syria, Lebanon, Jordan, Israel, Egypt, the United Arab Emirates, Iran or South Africa.

This warranty is subject to German law. However, the applicability of the United Nations Convention on Contracts for the International Sale of Goods is explicitly excluded. The city of Krefeld, Germany, is the sole place of jurisdiction for all claims arising from this contractual relationship and all disputes between the parties resulting from the formation, handling or termination of the contractual relationship, provided that the customer is a trader, a legal entity or fund under public law. The jurisdiction agreement shall also apply for customers who do not have a general place of jurisdiction in Germany. The jurisdiction agreement shall not apply if, due to legal provisions, a different sole place of jurisdiction must be established for the case. Furthermore, WACOM is authorised to file a lawsuit against the headquarters of the customer.

Should one of the provisions of this limited warranty be or become void, the validity of the other provisions shall not be affected, in full or in part. Should a provision be invalid, the legally permissible regulation most closely resembling the invalid regulation shall apply in its place.
