Subject: Instruction Manual/Compliance Statement for FCC IDs HYQ12BBD, a radio keyless entry system for cars.

Dear Sirs

Our product HYQ12BBD is a transmitter for a radio keyless entry system for cars. It will be already installed in cars (as original equipment) when it will be placed into the US market. We, DENSO CORPORATION, do not issue any users manual for this product.

Compliance Statement (FCC rules 15.19(a)): Because our transmitter is too small to place the compliance statement on it and because we do not issue any users manual for our transmitter, we hereby confirm that we will inform the car manufacture that the compliance statement must be included in the users manual of the car.

Yours Sincerely,

A handwritten signature in cursive script, reading "Kazuo Sakakibara".
