

Product: Electronic Key

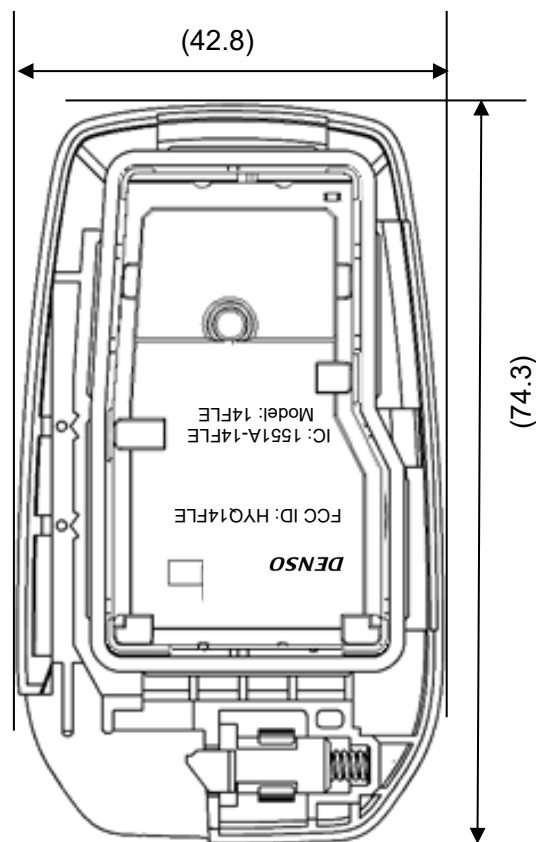

Model: 14FLE

Marking location:

<Inside the outer case>

<On the module cover>

Unit: mm
Scale: free

Note:

Marking layout, size and other indications may be changed. The marking is inside the outer case or on the module cover in the outer case. The marking is accessible without any special tools.

The device is too small to place the label requirements. FCC compliance statement will be included in the user manual, as it is not practical to place on the device according to FCC Rules § 15.19.

Label is affixed with an adhesive or laser-printed, and label will not peel off or rubbed off during the expected product life.
