

4.2. RF module

- Note -

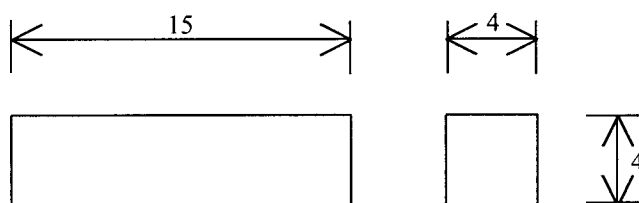

- *1 : This RF module is complied with FCC requirement Subpart C. (FCC ID : IMKRL26330M)
But the antenna is changed from original antenna.
(Description of antenna is shown on clause “7. Description of antenna”.)

9. Description of antenna

9.1. Electrical description

- | | |
|--------------------------------------|------------------------|
| - Input impedance | : 50 ohm (Nominal) |
| - Frequency band | : 2400 MHz to 2497 MHz |
| - Gain | : Over -6dBd |
| - Maximum allowance electrical power | : Less than 1 W |

9.2. Appearance of antenna

Unit : mm
