Columbia, MD 21046

Subject: Modular Approval Letter

The Device, FCC ID: I28-EYSNSNZWWZ1, is seeking FCC authorization as a modular transmitter. The EUT meets the requirement for modular approval as detailed in FCC Public Notice DA 00-1407. Compliance to each of the requirements is described below:

1. The modular transmitter must have its own RF shielding. [Module meets requirements for RF shielding.](#)
2. The modular transmitter must have buffered modulation/data inputs. [Module meets modulation/data buffering requirements.](#)
3. The modular transmitter must have its own power supply regulator. [Module has power regulator.](#)
4. The modular transmitter must comply with the antenna requirement of section 15.203 and 15.204(c). [Module complies with relevant antenna requirements.](#)
5. The modular transmitter must be tested in a stand-alone configuration. [Module was tested in stand-alone configuration.](#)
6. The modular transmitter must be labeled with its own FCC ID number. [Module is labeled with FCC ID](#)
7. The modular transmitter must comply with any specific rule or operating requirements and the manufacturer must provide adequate instruction along with the module to explain any such requirements. [Module complies with all relevant requirements.](#)
8. The modular transmitter must comply with any applicable RF exposure requirements. [Module complies with exposure requirements.](#)

Sincerely Yours,

A handwritten signature in black ink, appearing to read "Nick Skawinski".
