Class II Permissive Change Cover Letter

RE: FCC ID: I28MD-RW4137

We are submitting an application for a Class II permissive change to the modular approval of the Compact Flash WLAN 802.11b radio (FCC ID: I28MD-RW4137). The transmitter module, itself, has not changed. The purpose of this application is to add an antenna (Zebra P/N: CQ17593) that Zebra would like to sell with this radio module. Only new and changed exhibits are included with this application.

Best Regards,
