Re: Request for withholding from public disclosure proprietary information
FCC ID: IA9F2072
FCC Confirmation No.:

Dear Sir/Madame,

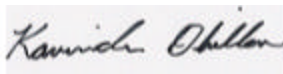

This request is being made under the provisions of Section 0.457(d) of the Commission's Rules, and Section 552(b)(4) of the Freedom of Information Act. As these sections authorize withholding from public inspection materials, which would be, privileged as a matter of law if retained by person submitting them, and materials which would not customarily be released to the public by that person.

We request that the information submitted with the application for Equipment Authorization be withheld from public disclosure. The information is submitted is within the scope of Section 552(b)(4) as trade secrets.

The information listed below was submitted with the original submission, we feel is confidential containing trade secrets. OMNEX is using proprietary techniques for radios and has built a reputation in its market for reliable and robust radio systems. OMNEX has invested in the development and marketing of the technology and we feel it is unfair for our competitors to have free access our confidential information.

- Block Diagrams
- Parts List/Tune Up Information
- Internal Photographs (the unit is potter internally to protect proprietary information and not accessible if opened)
- Schematics

Sincerely,

Kavinder (Gordie) Dhillon, BTech, AScT
Compliance Consultant
