Subject: FCC ID: IE3VP66XX06

Mr. Fujimoto:

In order for processing of this permissive change application (FCC ID: IE3VP66XX06) to continue, the following issue(s) will have to be addressed:

- 1) The sample FCC label has the identifier indicated as "FCC: IE3VP66XX06". It must read "FCC ID: IE3VP66XX06". Please submit a new sample label, and also indicate the location of the label on the device.
- 2) The request for confidentiality letter is not sufficient, as it must reference section 0.459 of the rules, in addition to 0.457.
- 3) According to the test report, the highest measured peak output power was 2.33 dBm (0.0017 watts), but the application form indicates an output power of 0.00429 watts. Please explain and correct this discrepancy.

The item(s) indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Please upload responses and/or exhibits to the electronic filing website. Your correspondence number is IE3VP66XX06-1.

Best regards,

Scott McCutchan
