Hi Helen,  
I'm sorry to answer you so late.  
Please find the attachments for your question.

Best Regards,

Iris Lin

Subject: Bright Headphone Electronics Co., FCC ID: IERRF-T59, Assessment NO.: AN04T4153, Notice#1

Question #1: The Block Diagram indicates 912MHz RF\OUT, but the report said there are two channels: CH 1 F913.340MHz & CH 2 F912.234MHz, which was not mentioned in any other documents in the filing. Please provide necessary document to support 2 channels operation.

Question #2: The Schematics does not show the value of the components. Please resubmit to include component value.

Question#3: The page 12 of the test report (Sheet 8 of 29) specifies the frequency band of 2.4 to 2.4835 GHz, which is not the case. Please correct.

Question #4: In future, please separate Agent Authorization Letter from Request for Confidentiality Letter. These two different letters serve different purpose.

Best regards,  
Helen Zhao

The items indicated above must be submitted before processing can continue

on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
