Gentlemen:

The above referenced model has been tested by Compliance Certification Services, 1366 Bordeaux Dr., Sunnyvale, CA 94089-1005, in accordance with the requirements contained in the appropriate Commission regulations. To the best of my knowledge, these tests were performed using measurement procedures consistent with industry or Commission standards and demonstrate that the equipment complies with the appropriate standards. Each unit manufactured, imported or marketed, as defined in the Commission's regulations, will conform to the sample tested within the variations that can be expected due to quantity production and testing on statistical basis.
