SUBJECT: Class II Permissive Change for FCC ID: IHDT56NE4

Motorola Mobility, Inc., is submitting an Class II permissive change application for IHDT56NE4. The RF circuitry, RF parameter configurations (power level, modulations, frequency bands, etc) are exactly the same as the original authorization. There are some minor changes in the production stage, and are detailed in "Change note from TA to SA" exhibit.

Based on the changes and the judgment from the engineering perspective, test report of RF exposure (SAR) is being submitted in the C2PC application.
