at a glance

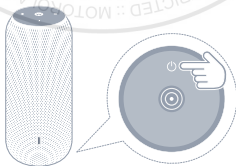

Before using your product, please read the legal, safety, and regulatory information in this guide. Product images are for illustration purposes only and may differ from the actual products you purchase.

power on/off

Power on: press and hold the Power button until the Media Control  button lights up.

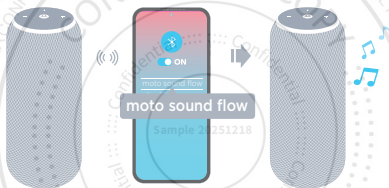

Power off: press and hold the Power button again.

bluetooth® pairing

Connect your **moto sound flow** to a device such as a mobile phone, tablet or laptop to elevate your sound experience.

- 1 Turn on Bluetooth® on the device, touch and hold the Media Control  button for 3 seconds until you hear the audio cue to enter Bluetooth® pairing mode.
- 2 On your device, go to Bluetooth® settings, select **moto sound flow** from the Bluetooth® list to complete pairing.

use the companion app

Use the **moto sound flow** app on your smartphone or tablet to adjust settings, stream your favorite music, get the latest software and more.

- 1 Make sure your smartphone or tablet is connected to the Wi-Fi network you would like to use for your **moto sound flow**, and Bluetooth® is turned on.
- 2 Scan the QR code on the cover of this guide to download and install the app.
- 3 Open the app, follow the on-screen instructions to connect your **moto sound flow**.

control panel

Microphone Button

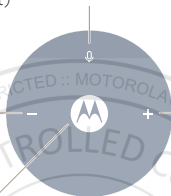

Tap to turn off/on microphones. (ON = white light, OFF = red light)

Volume Down Button

Tap to turn down the volume.

Volume Up Button

Tap to turn up the volume.

Media Control Button

Touch and hold for 3 seconds to start Bluetooth® pairing.

Tap three times to play the previous track.

Tap to pause/play media.

Tap two times to play the next track.

When a call comes in:

Tap to answer.

Tap again to end the call.

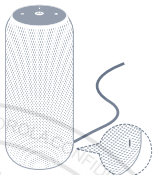

Touch and hold for 3 seconds to reject.

charge

You can charge your **moto sound flow** in two ways.

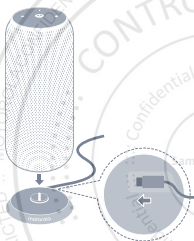

Use the USB-C cable

Connect the cable included in the box to the USB-C port on your **moto sound flow** and the other end to a USB-C power supply.

Use the charging dock and USB-C cable

Connect the cable to the USB-C port on the bottom of the charging dock and the other end to a USB-C power supply. Align the bottom of your **moto sound flow** with the charging contacts, then place it on the charging dock.

reset and restart

Press and hold the Power button and the Media Control  button for 4 seconds at the same time to reset. If your **moto sound flow** becomes unresponsive, press and hold the Power button for 16 seconds to restart.

legal, safety, and regulatory information

For the complete legal, safety, and regulatory information, visit motorola.com/accessory-legal.

Safety information

- To prevent possible hearing damage, do not listen at high volume levels for long periods. If you experience hearing discomfort, stop listening to the device and have your hearing checked. For more details, visit motorola.com/accessory-legal. 
- Responsible and safe driving is your primary responsibility when driving a vehicle. Always obey local laws and regulations.
- Your product contains magnets and may interfere with pacemakers and other medical devices. Consult your healthcare provider and the medical device manufacturer's directions before using this product.
- Chargers that do not comply with applicable national standards may be unsafe, with risk of death or injury, and may cause slow charging or product damage. The power delivered by the charger (sold separately) must be between min 5 Watts required by the radio equipment, and max 15 Watts in order to achieve the maximum charging speed. For the best charging performance when the device is being used, a charger of 15W or higher should be used with a compatible cable. 
- The battery in your product is designed to last the life of the product. To prevent possible burning and injury, the battery in your product should only be removed by a Motorola-approved service center or recycler when the product is end of life. Do not dispose of your device or battery in a fire.
- It is not recommended to attempt to disassemble, repair or modify the device by yourself. This may damage the device and could cause danger.
- This product is not a toy. Keep your product away from small children and animals.
- Avoid looking directly at the LED light for a long time, which may cause discomfort or temporarily impair vision.

Use & care

- Don't store or use your device in temperatures below -10°C (14°F) or above 60°C (140°F). Don't recharge your device in

temperatures below 0°C (32°F) or above 45°C (113°F).

- Don't expose your product to water, rain, extreme humidity, or other liquids.
- Don't expose your product to dust, dirt, sand, food, or similar materials.
- Do not drop, disassemble, puncture, crush or expose your product to fire.
- To clean your product, use a dry, soft cloth.

For detailed information about your device's dust and water resistance design and care tips, refer to the *User Guide*.

Specifications

≡ This symbol indicates DC voltage.

Speaker input: 5V≡3A; Charging dock input: 5V≡3A; Charging dock output: 5V≡3A

Operating mode	Frequency range MHz/ Band	Maximum transmit power dBm
Bluetooth	2400-2483.5	7dBm
Wi-Fi	2400-2483.5	20dBm
Wi-Fi	5150-5250/5250-5350/ 5470-5725/51218	18dBm
Wi-Fi	5725-5850	14dBm
UWB (CH5)	6489.6/499.2	< 0dBm (Peak)
UWB (CH9)	7987.2/499.2	< 0dBm (Peak)

Ultra Wideband information. Ultra Wideband (UWB) features require a paired UWB supported device (such as a phone or tablet). UWB availability varies by region. If the use of UWB is prohibited in your region, contact your phone or tablet manufacturer to disable the feature.

FCC compliance. This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that might cause undesired operation.

FCC ID: IHDT6AB7

European conformance (CE and UKCA). The following information is applicable to products that carry a CE or UKCA mark. Contact point: Regulatory Compliance, Motorola Mobility UK Ltd., 25

Templer Avenue, Farnborough, Hampshire, GU14 6FE, UK.
Hereby, Motorola Mobility LLC declares that the radio equipment model as defined in this guide (and box label) supplied with this product bearing the CE mark is in compliance with Directive 2014/53/EU; and bearing the UKCA mark is in compliance with the Radio Equipment Regulations 2017. The full DoC can be found at www.motorola.com/red.

Exposure to RF energy & device operation. This device contains a transmitter and receiver of RF energy. It meets the applicable national or international RF exposure guidance (SAR guideline) when used normally at a distance of 5mm against your body. The SAR guideline includes a considerable safety margin designed to assure the safety of all persons, regardless of age and health. The highest SAR value under the SAR guidelines for your product is:

ICNIRP (2W/Kg @ 10g)	Body, 1.17W/Kg
FCC (1.6W/Kg @ 1g)	Body, 1.06W/Kg

To view the SAR values for this device, visit www.motorola.com/sar.

To view additional information, visit www.motorola.com/rfhealth.

Restrictions of use. This device should only be used indoors within the EU/EEA/Switzerland/Türkiye/UK when operating in 5150-5350 MHz [Wi-Fi] frequency band.

Eurasian Economic Union conformance. This product (Model XT2549-1) complies with the requirements of the Technical Regulations of the Eurasian Economic (Customs) Union.

Mark of conformity:

Purpose: smart speaker for use with smart devices.

Manufacturer name and address: Motorola Mobility LLC, 222 W. Merchandise Mart Plaza, Chicago, IL 60654, USA.

Made in China.

Manufacture date of the product: see the Date field (year-month-date) on the label* of the product packaging.

Importer name: see the label* of the product packaging.

Life cycle of the product: 2 years.

When a malfunction is detected, take any of these actions:

1) Turn off the equipment, 2) Disconnect the equipment from power supply/ charger (if connected), 3) Contact the service center or an authorized dealer for advice or repair of equipment.

*According to GOST 2.601-2019 «Unified system of design documentation. Operational documents», paragraph 5.1, subparagraph 5.1.2, the label is a type of operational documents.

Ukraine radio compliance. Hereby, the manufacturer, Lenovo PC HK Limited, declares that this radio equipment complies with Technical Regulation of radio equipment. The full text of declaration of conformity is available at www.motorola.com/red.

India RoHS statement. RoHS compliant as per India E-waste (Management) Rules. For the full declaration, visit motorola.com/accessory-legal.

Plastic waste management in India.

- Motorola Mobility India Private Limited
- PWM Importer - IM-18-UTT-10-AAFCP2261E-22
- Thickness more than 50 microns (for flexible single layer packaging)

Disposal & recycling. Don't dispose of this product or its battery with your household waste. For help recycling products and packaging responsibly, visit www.motorola.com/recycling.

Warranty. This product is covered by Motorola's limited warranty. To review the warranty visit motorola.com/accessory-legal. You may also obtain a copy of the warranty by contacting Motorola at: Motorola Mobility LLC, Attention Customer Service—Warranty Request, 222 West Merchandise Mart Plaza, Chicago, IL 60654. Applicable to Australian consumers only: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

Firma Lenovo Technology B.V. oddział w Polsce, ul. Gottlieba Daimlera 1, 02-460 Warszawa, gwarantuje, że Produkt sprzedany wraz z niniejszą gwarancją będzie wolny od poważnych wad materiałowych oraz produkcyjnych przez okres 24 miesięcy, licząc od daty pierwotnego zakupu, pod warunkiem, że Produkt będzie wykorzystywany zgodnie ze swoim przeznaczeniem przez konsumentów / użytkowników końcowych.

Dowodem udzielonej gwarancji jest dowód zakupu wydany przez Sprzedawcę.

W przypadku wystąpienia wady użytkownik powinien dostarczyć produkt w opakowaniu chroniącym go przed uszkodzeniem pod adres serwisu gwaranta wraz z dowodem zakupu.

W przypadku braku zgodności rzeczy sprzedanej z umową,

kupującemu z mocy prawa przysługują środki ochrony prawnej ze strony i na koszt sprzedawcy, a gwarancja nie ma wpływu na te środki ochrony prawnej.

Niniejsza gwarancja obowiązuje wyłącznie na terytorium Rzeczypospolitej Polskiej.
