RE: FCC ID: IIO-0232USB611

Attention: Vivi Wang

I have a few comments on this Application.

- 1 This device is subject two authorizations. The FCC ID number applies to the transmitter portion 15.247. You have elected to DoC the computer peripheral Class B portion. However, you have not provided an appropriate label for this purpose. Please note that in order to DoC a product the appropriate DoC FCC logo must appear on the label. Consequently, the label for this device must contain both the FCC ID number and an FCC DoC logo. Please provide a revised FCC label.
- 2 Please note that the FCC has routinely asked for pdf files that do not contain Asian fonts. If the FCC audits this application their Acrobat reader will not be able to read the following files: Block Diagram.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
