TIMCO ENGINEERING INC.

P.O. Box 370
849 N.W. State Road 45
Newberry, Florida
USA 32669

Subject: Class II Permissive Change Application under FCC CFR 47, Parts 2 and 90 (Subpart I) - Non-Broadcast Radio Transceivers Operating in the frequency bands 138-174 MHz (12.5 kHz and 25 kHz Channel Spacing)

Applicant: TECHNISONIC INDUSTRIES LTD.
Product: VHF ANALOG RADIO TRANSCEIVER
Model: TFM-138
FCC ID: IMATFM-138

Dear Sir/Madam,

As appointed agent for Technisonic Industries Ltd., we would like to submit the Class II permissive change application for re-assessment of the above product. Please review all necessary files uploaded to Timco E-Filing web site.

The above transceiver TFM-138 was originally certified by FCC for 25kHz Channel Spacing. It is now modified to operate also on 12.5kHz Channel Spacing. PI refer to attached manufacturer declaration on changes made to original transceiver.

We have prepared FCC test report showing all test results, which are affected due to the above modification in the transceiver.

If you have any queries, please do not hesitate to contact us.

Yours truly,

A handwritten signature in blue ink, appearing to read "Tri Minh Luu", is written over a circular red stamp. The stamp contains the text "LICENSED PROFESSIONAL ENGINEER" and "T.M. LUU".
