Re: Request for Short Term Confidentiality

Applicant: Hunter Fan Company

FCC ID: IN2TX46

To whom it may concern,

Request is hereby submitted by Hunter Fan Company to withhold from public review certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. In particular, the following sections of the application are to be kept confidential for 180 days:

- **Schematics**
- **Detailed Block diagrams**
- **Detailed Operational/Functional Description**

Rationale for request for Short Term Confidentiality:

Hunter Fan Company has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

Sincerely,

Julian Martin
