**Subject: APPLICATION FOR
FCC AUTHORIZATION**

**REF.: MICROWAVE OVEN TYPE MW 660 FU
EA number 95010**

Dear Mrs. Elliott,

I want to thank You very much for the explanations about the status of our application, that You gave us today. We regret very much that Your messages in August did not find their way to our computers.

As agreed during our phone conversation, in order to resume our application and obtain the requested authorization, we are hereby enclosing the following documents:

- 1) Drawing of serial plate with indication of FCC ID code.
- 2) 8 Photographs of the oven showing the serial plate, its location and text (conforming to the drawing), and some views of the appliance.
- 3) A sample of the serial plate itself.

We hope that this will be enough to satisfy the FCC requirements, and ask You to inform us of any further problems writing to the following e-mail address:

paolo.golfetto@delonghi.it (this is the computer in our laboratory).

Please also note the address of De'Longhi America: Sergio Novello@Delonghi USA;
if it does not work, call Mr. Novello at 201-909-4000, or fax at 201-909-9727.

Thank You for Your co-operation and best regards;

Yours sincerely,

Paolo Golfetto and Ruggero Roccari MW Lab De'Longhi SpA

Dear Mrs.Elliott,

Further to our investigation on the causes for not answering Your e-mail of last August, relevant to a request for additional documents, we found that we have reported in the 731 Form the wrong e-mail address of Mr.Sergio Novello. In fact we wrote the internal company address.

So, Mr. Novello may be contacted at the following general address:

snovello@delonghiusa.com

We hope that You have received our DHL shipment, and trust that You will not have other problems of communication in future.

Thanks for Your co-operation and best regards
