

2. Licensor does not warrant Licensed Software to be merchantable, compatible and fit for specific purposes.

Article 6 (Responsibility for Third Parties)

If disputes over the infringement of third parties' intellectual property rights, such as copyrights and patent rights, arise out of the use of Licensed Software by User, User shall resolve these disputes at User's own expenses while keep Licensor and Original Right Holder harmless.

Article 7 (Secrecy Obligation)

User shall keep confidential Licensed Software provided hereunder, information contained in the associated literature or the like and those provisions of this agreement not yet in public knowledge and may not disclose or leak these to third parties without prior written consent from Licensor.

Article 8 (Cancellation of the Agreement)

Licensor reserves the right to cancel this agreement forthwith and claim compensation from User for the damages caused by such cancellation when User:

- (1) Breaches any of the provisions of this agreement,
or
- (2) Has received a petition for seizure, provisional seizure, provisional disposition or any other kind of compulsory execution.

Article 9 (Destruction of Licensed Software)

If this agreement is terminated under the provision of the foregoing paragraph, User shall destroy Licensed Software, along with all associated literature and its duplicates, within two (2) weeks from the date of termination.

Article 10 (Copyright Protection)

1. Copyrights and all other intellectual property rights relating to Licensed Software shall reside with Licensor and Original Right Holder and in no circumstances with User.

2. User shall abide by the laws relating to copyrights and intellectual property rights in using Licensed Software.

Article 11 (Export Control)

1. Licensed Software and the associated literature or the like may not be exported to places outside the Country (including transmission outside the Country over the Internet or the like).
2. User agrees that Licensed Software is subject to export controls imposed by the Country and the United States of America.
3. User agrees to comply with all the international and domestic laws that apply to this software (U.S. Export Administration Regulations and regulations established by the U.S., the Country and their governmental agencies regarding usage by end users and export destinations).

Article 12 (Miscellaneous)

1. Even if this agreement is invalidated in part by law, all other provisions shall remain in effect.
2. Licensor and User shall consult each other in good faith to resolve any matters not provided for in this agreement or questions arising from the interpretation of this agreement.
3. Licensor and User agree that this agreement is governed by the law of Japan and that all disputes involving claims and obligations that may arise out of this agreement will be settled by arbitration at the Tokyo District Court as the court of first instance.

Troubleshooting

Check items in the following table first when you encounter problems. The most common problems are listed below. If the problem is not solved even after checking the applicable item, contact your dealer.

In case that a defect (such as blown fuse) occurs, be sure to contact your dealer for the repair service. If you try to change or fix the fuse, you may cause more damage.

Condition	Checking Items
When the display exhibits one of the following conditions: ➤ Totally dark and the light does not come on. ➤ The light is on but nothing is displayed. ➤ The unit does not go into Night mode even the lights are on.	Is the displayed powered "off"? ➤ Press the button, etc. Is the setting for the image quality correct? ➤ Verify the Display Adjustment settings. If this does not solve the problem, turn the unit off and then on again. If the problem continues, contact your dealer.
When the monitor has small spots or bright points.	This is not a failure of the unit. ➤ This is a specific phenomenon to liquid crystal displays. LCDs are built with highly accurate technologies and have 99.99% or higher effective pixels. However, sometimes pixels may fail at a rate of 0.01% or less, or some pixels may get "stuck" on a steady color.
When the image is not clear.	Are the display brightness adjusted correctly? ➤ About RWC /LWC / MVC screen, please refer to adjust the brightness of the display. (see P. 48) ➤ About General screen, please refer to adjust the brightness of the display. (see P. 51)

Condition	Checking Items
When the sound is coming out of only one of the speakers.	Is the sound volume adjusted properly? ➤ Adjust the volume on the Front/Rear and Right/Left speaker. (see P. 50)
No power to the unit.	Fuse blown out. ➤ Consult your dealer.
Sound is not generated.	Is it in the pause or the mute-ON state? ➤ Disable the pause state or set to the mute-OFF state.
Sound skipping or noise occurs.	There is an electromagnetic-wave generator such as a cellular phone near the unit or its electrical lines. ➤ Keep the electromagnetic-wave generator such as a cellular phone away from the unit and the wiring of the unit. If noise cannot be eliminated due to the wiring harness of the car, consult your dealer. Playing VBR(Variable Bit Rate) files may cause sound skipping. ➤ Play Non-VBR files.
Some operations are not executable.	Some operations are not executable in particular modes. ➤ Read the operating instructions carefully and cancel the mode. If the unit is still out of order, consult your dealer.
Bluetooth device cannot be connected to the unit.	Is the Bluetooth device able to be used with the unit? ➤ Be sure to carefully read user's manual of the Bluetooth device to check that there are no potential problems. If the Bluetooth device is portable audio equipment, successful connection may be achieved by changing the connection method.

Condition	Checking Items
USB cannot be detected. iPod/iPhone is not being correctly operated.	USB devices are recommended to use the memory capacity under 32 GB ; the memory devices with over 32GB capacity might not be able to be read; ➤ USB support format FAT16 and FAT32. If happened USB cannot read, it might be the wrong format to cause this issue; please format your device again and chose the right format. Remove iPod/iPhone from the unit and reconnect the iPod/iPhone after resetting the iPod/iPhone. For the iPod/iPhone resetting method, refer to the iPod/iPhone user's manual.
Some files may not be played properly depending on the file type.	Check the file format. (see P. 56, 57)
Rear camera difficult to see the image.	The vehicle may be in a dark area. Please put your car away from the uneven light or from direct sunlight. There are water droplets or external factor (mud etc.)on the camera. Please clean softly the camera with water and soft cloth.
The image of rear camera is blurry.	The dirt or external factors (like water droplets, snow, and mud etc.) attached to the camera. Please clean softly the camera with water and soft cloth.
The image of rear camera is out of alignment.	Please have your dealer to check the vehicle.
The guide lines are out of alignment.	The camera position may out of alignment. Please have your dealer to check the vehicle.

Condition	Checking Items
WebLink does not sound.	➤ Verify that the WebLink installed device is selected in Bluetooth connection setup. ➤ Raise the volume on your smartphone. ➤ Try another music application. Some application does not support WebLink playback. (Apple Music App does not support to playback during WebLink.)
Cannot operate WebLink with touch panel operation.	➤ Available operation functions may differ from the ones operated on the device. Some functions do not work by operation on this unit depending on the connected device.
When connecting an Android phone via cable with WebLink, the WebLink icon remains unframed  .	The inability of the Android phone to display a frame is due to signal limitations, but the functionality works fine.
When using an Android phone and connecting to WebLink and using application in WebLink. You could not use keyboard in application when driving.	➤ Please check the vehicle is in stop condition. When you are driving, please use voice function replace the keyboard function.
