Subject: Application for equipment authorization, IPH-0062796, IPH-0110999

Dear Mr. Fabina,

In accordance with CFR 47, Chapter 1, Part 2.929 and 2.933 GARMIN is filing a new application for certification.

GARMIN purchased the design and manufacturing rights to NARCO KWX 56, FCC ID # A9S9KBKA126 and NARCO KWX 58, FCC ID # A9S9KBKA128 from NARCO Avionics.

The grants of authorization to NARCO were made March 26, 1986.

The equipment remains the same equipment without change to the prior design or circuitry. Copies of the equipment identification tags and photos of the exterior of the units showing the FCC ID label location are enclosed.

The original test results continue to be representative of and applicable to the equipment bearing the changed identification.
