Olathe, Kansas 66062
P: 913-397-8200 F: 913-397-8282

Federal Communications Commission
Authorization and Evaluation Division
1435 Oakland Mills Road
Columbia, MD 21046

Date: April 23, 2014

SUBJECT: FCC Application for IPH-02442

To Whom It May Concern:

Garmin wishes to place the FCC ID label inside the battery compartment because of limited available real estate. This device is a small, handheld item with curved surfaces. The front is allocated to the large display and the back consists of the removable battery compartment cover. The identifier label will be readily viewable each time the battery is removed or replaced. In addition, the FCC ID is also prominently shown on the product packaging and instructions are provided to the user on the location of the FCC ID on the device. This location will help ensure the longevity of the label as this equipment may be in service in harsh environments.

Sincerely,

A handwritten signature in blue ink, appearing to read "Van Ruggles".

Van Ruggles
Director, Quality Assurance and Certification
