Dear Mr. Corey Cahill:

The Federal Aviation Administration, Spectrum Engineering Services Group received the Garmin letter of its filing with the Federal Communications Commission (FCC). The application is for certification of the Garmin GMN-01410 (market label GIA 64W, GIA 64H, and GIA 64E) with FCC ID: IPH-0271501.

We have completed the review process of the information submitted by Garmin and concluded that we have no objection to the FCC granting certification for this equipment.

If you require any additional information, please contact Mr. Jae Shin, Electronics Engineer, Spectrum Planning and International Group, at (202) 267-7365 or via e-mail jae.w.shin@faa.gov.
