## Cover Letter for Module Integration

May 26, 2026

Federal Communications Commission  
Authorization and Evaluation Division  
7435 Oakland Mills Road  
Columbia, MD 21046  
USA

Application for:

FCC ID: IPH-05169

Product Description: Portable Digital Transceiver

The above product integrates the nRF9151 module from Nordic Semiconductor (manufacturer) with FCC ID: 2ANPO00NRF9151. This module was integrated in accordance with the Hardware Design Guidelines provided by the manufacturer. The module is used as provided by the manufacturer, and no hardware or software changes are made to the module.

Additional notes on implementation:

NTN Band n256 will not be utilized in the subject region. The UE will remain in receive-only mode while scanning for System Information Blocks (SIB), after which it will attach and transmit to satellites only on bands n23 and n255 within North America.

Sincerely,

A handwritten signature in blue ink that reads "Michael Morahan".
