Subject: Requesting Class II permissive change for FCC ID: IR5DS16P

To Whom It May Concern:

We, MilDef Crete Inc. hereby declare that the intention of this Class II Permissive Change is to add a host: Tablet (Model: DS16P / Brand: MilDef Crete Inc.) and disable 5GHz Band 2~3 and wifi 6E (6GHz bands) by firmware to the certified module, which was originally granted on Intel Wi-Fi 6E AX210 under FCC ID: IR5DS16P.

The modules mentioned above have been approved and are electronically and mechanically identical to the original instructions and requirements. Therefore, we, MilDef Crete Inc., take the responsibility to ensure each module complied with all requirements after integration in the host and when modules are transmitting simultaneously.

Software security remains unchanged from the original filing.

Please contact me if you have any questions or need further information regarding this application.

Best Regards
