

Ref.: FCC ID: IYZDAG13

Radio equipment authorization to FCC in USA for

DAG13

The transmitter will be supplied as an original equipment device to the car manufacturer. According to 47 CFR Part 15 (labelling requirements) the car manufacturer will print the following Text in the appropriate user's manual of the car:

NOTICE:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications made to this equipment not expressly approved by (manufacturer name) may void the FCC authorization to operate this equipment.

Radiofrequency radiation exposure Information:

The radiated output power of the device is far below the FCC radio frequency exposure limits. Nevertheless, the device shall be used in such a manner that the potential for human contact during normal operation is minimized.
