Subject: Request for withdrawing Class II permissive change.

Date of Grant issue: 04/15/2002
Date of Application: 04/15/2002
FCC ID: J3OM3AWEB56GA

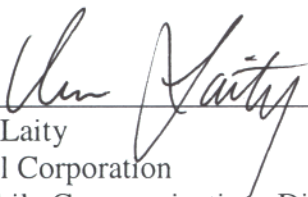

Gentlemen:

We, the Intel Corporation would like to withdrawal the Class II Permissive Change processed on the above date. It has come to our attention that the Class II Permissive change currently on the FCC website has incorrect information and is no longer needed due to the fact that IBM has submitted and received system approvals since that time.

We have verified and attest to the fact that there have not been any systems bearing the FCC ID: J3OM3AWEB56GA at the system level according to the class II permissive change dated 04/15/2002 sold, distributed, or placed on the market.

Thank you for your time, if there are any questions please feel free to call me at 805-376-9300.

Sincerely,

Ian Laity
