Dear Sir/ Madam,

We, Advanced Compliance Laboratory, as EMC testing lab and agent, would like to represent the applicant, **Martec Access System Inc.** to apply for your approval on product authorization for new certification under **FCC ID: JCQHLSHCA**. The investigation for the EMC performance of the EUT(s), **HomeLink Smart Home Connector, Model No.: HLSHCA** was performed in **February, 2026** on behalf of the applicant. It was found that EUTs comply with the requirements of current FCC Part 15.247 & 15.249. The system was configured as the typical condition during the test. Enclosed please find the test data/report with application forms.

The measurement facility used to collect the test data is located at Hillsborough, New Jersey. OATS was listed by IC as "Site 3130A". In addition, this testing site has been listed by FCC (US3288) since 1992 and also recognized under ANAB Accreditation ( Cert. No.: AT-3288).
