Statement

This transmitter was certified on 3/24/97 with a FCC ID of FON02-3047. The grantee was Challenger, a division of Wayne Dalton. The companies Challenger, Wayne Dalton and Martec worked together. Recently Challenger went out of business and we are applying for a change in grantee code from FON02-3047 to JCQTK-5030. Martec has an assigned grantee code of JCQ.

The transmitters are manufactured at the same factory and there are no changes, electrical or mechanical to the unit. The only thing that changes will be the label. The label will identify the unit as JCQTK-5030 and will bear the name Martec access products
