Symbols

Warning Symbol

This symbol alerts you to the possibility of serious injury or death if you do not follow the instructions.

Caution Symbol

This symbol alerts you to the possibility of damage to or destruction of equipment if you do not follow the instructions.

WARNING

Equipment Misuse Hazard

Equipment misuse can cause equipment to rupture or malfunction and result in serious injury.

- This equipment is for professional use only.
- Read all manuals, tags, and labels before operating the equipment.
- Use equipment only for its intended purpose. If you are uncertain, call your Graco distributor.
- Do not alter or modify equipment. Use only genuine Graco parts and accessories.
- Check the equipment daily. Repair or replace worn or damaged parts immediately.
- Comply with all applicable local, state, and national fire, electrical, and safety regulations.

Fire, Explosion, and Electric Shock Hazard

Improper grounding, poor air ventilation, open flames, or sparks can cause a hazardous condition and result in a fire or explosion.

- Poor ventilation, open flames, or sparks can cause a hazardous condition and result in a fire or explosion and serious injury.
- If there is any static sparking or you feel an electric shock while using this equipment, stop dispensing immediately. Do not use the equipment until you identify and correct the problem.
- Provide fresh air ventilation to avoid the buildup of flammable fumes from solvents or the fluid being dispensed.
- Keep the dispensing area free of debris, including solvent, rags, and spilled gasoline.
- Do not smoke while dispensing flammable fluids.
- You must use the battery type provided with the Matrix Fluid Management System. Use of any other batteries than those specified could affect the safety of this unit.
- Only replace the battery in a non-hazardous location, away from flammable fluids or fumes.
- To reduce the risk of a fire, explosion, electric shock, and serious burns to the body, handle and dispose of a used battery properly.
- Do not short circuit, charge, force over discharge, disassemble, crush, penetrate, incinerate, or heat the battery to a temperature exceeding 185° F (85° C).
- Any misuse or abuse of the battery may cause it to leak or explode.
