Subject: Review of SMC Networks, Inc., FCC ID: JI5SMC2335W

Dear Tim

1)The EUT for SMC is exactly the same with the Wistron's model CB-100AB, so we didn't take photos for SMC again. Moreover, the test data is also a duplicate one of model CB-100AB.  
3)No, both of bands wouldn't transmit simultaneously.  
4)Revised file uploaded.

Regards  
Emily
