

7.0 RF EXPOSURE INFORMATION

This section should include a statement affirming compliance with respect to controlled/uncontrolled exposure limits for MPE/SAR evaluation of mobile/portable devices (technical data upon request) or reasons for categoric exclusion from routine RF evaluation. The rule sections concerning RF radiation exposure are 1.1307 - 1.1311, 15.247(b)(4), 2.1091 and 2.1093.

The ITX02-2000 is not a mobile or portable device and, as such, the section concerning RF exposure is not applicable.
