RE: Request for new original filing on FCC ID: K44502601

To Whom It May Concern:

JVCKENWOOD Corporation is submitting an application for FCC Class II Permissive Change to the existing NX-3921G-K 900MHz DIGITAL TRANSCEIVER (FCC ID: K44502601).

The changes filed under this application are:

- RF power module change.
There are no change pin assign and size. (pin to pin compatible).
- PCB Pattern change and addition of passive components.
- The Part 24D RF output power has been changed from 7 watts ERP(Limit) to 5 watts ERP by software.
There is no relation to RF power module changes.
- Other than the above, there are no changes to the hardware, circuits, or software.
- There are no changes to the frequency band and Part 90 RF output power.

Date of Grant

Original: 01/23/2019

Please contact me if you require any additional information.

Sincerely,

Takaharu Murakami
