Component Side of Main Board

REPORT NO.: 994020FI

Quietek Corporation

EMC Test Laboratory

Page: 32 of 33
Rev. 1

A black and white photograph of a printed circuit board (PCB) with various electronic components and traces. The board is rectangular with rounded corners and features a complex layout of copper traces, pads, and components. A large, multi-pin connector is visible on the right side. Text on the board includes "MADE IN TAIWAN", "8610HSE.2A1", and "9A 9950". The board is mounted on a dark, textured surface.
