Nov. 15, 2004

Dear Sir or Madam,

Hong Jin Crown is filing for a permissive change on our products KA9HJC-X1 and KA9HJC-X2 due to certain component changes. I have attached a list of part changes along with a circuit diagram and all the necessary schematics.

Sincerely,

A handwritten signature in black ink, appearing to read 'Robert D. Shin', with a stylized flourish extending to the right.

Robert D. Shin
Product Manager
