Re: Confidentiality request per 0.459 of FCC Rules

Equipment: Limited Modular approval for 902-928MHz Part 15 DTS Product

Applicant: Invensys Metering Systems

FCC ID: KCH-XEMICS-BAT

Original Grant Date: 31 December 2003

Dear Mike,

Invensys Metering Systems requests that the following documents be kept confidential and not routinely available for public review:

Schematics for class 2 change product (Mains transceiver)

Theory of operations for class 2 change product (Mains transceiver)

Invensys has spent considerable resources in the form of money and engineering development to produce this product. Disclosure of the reference documents would give an unfair competitive advantage to other manufacturers.

If you have questions or need further information, please contact the undersigned.

Sincerely,

T.N. Cokenias

Agent for Invensys
