Label Material Statement

The material used for the labeling of LXE products HX1, MX5X, MX7, MX3X are of a white polyester or equivalent. The adhesive is permanent acrylic or equivalent. The vendor provides a certificate of conformance with each shipment identifying the material and adhesive used. The material will last the lifetime of the product.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Cyril Binnom', with a horizontal line drawn underneath it.

Cyril Binnom
