RE: KDZLXE4830P

Dear Sir or Madam:

The following letter is to state LXE's intent to implement Summit module (TWG-SDCCF10G) into end-products models HX1, MX3X, MX7 and MX5X. LXE also acknowledges that LXE will retain full control on the installation of this module and will accept all EMC and SAR compliance responsibility for every end-device. This means any new model not specifically listed in this application will require additional evaluation and filing.

Sincerely,

A handwritten signature in blue ink, appearing to read "Cyril A. Binnom Jr." with a stylized flourish at the end.

Cyril A. Binnom Jr.
Approvals Engineer
LXE, Inc.
