

Date 08/01/02

To whom it may concern :

We, TRW Automotive Electronics, hereby notify the following changes we have made to the Certified Product model 5EC as described below:

1. Change in the 125KHz transceiver Integrated Circuit part number (old reference of component V2 was MLX90106 and new reference is MLX90109)
2. Capacitor C9 and inductor L1 added.
3. Change in PCB layout .

The FCC ID of the product is KHH5EC. TRW Automotive Electronics has applied for a FCC Class II Permissive Change certification.

Thank you for your attention in this matter.

Colin Evans
